SPECIAL PURCHASE- MCFD Chief Legault, is requesting to purchase one (1) 2023 Enforcer Chassis from Pierce Manufacturing for the Michigan City Fire Department in the amount of $850,000 through the State Qualified Purchase Agreement (QPA) process; pursuant to I.C. 5-22-10-4 and I.C. 5-22-10-9.

President Keating stated that the bid for this vehicle came in at $849,400.00 with the delivery of July or August 2023; further stating that the City Council approved the funding at their meeting last night.

Chief Legault addressed the board thanking them for the special meeting and stated that he is asking permission to buy a Pierce 2023 Chassis Enforcer that will replace Engine two (2) a 2007 Pierce truck that recently broke down making this a situation to ask the board permission under the emergency conditions special purchase.

President Keating asked if there were any Public comments, there was no response.

President Keating asked if there were any Board comments.

Mayor Parry made a motion to approve the purchase of one (1) 2023 Enforcer Chassis from Pierce Manufacturing for the Michigan City Fire Department in the amount of $850,000 through the State Qualified Purchase Agreement (QPA) process; pursuant to I.C. 5-22-10-4 and I.C. 5-22-10-9; second by Vice President Vinson by the following votes **AYES:** Board of Public Works and Safety members Keating, Vinson, and Parry (3). **NAYS:** None (0) **Motion Carries**.

TRAFFIC SAFETY CONCERN- Casey Martin, Marquette High School, is requesting permanent and visible signage, lighting, larger crosswalks, and increased police presence due to the double track construction project.

President Keating stated that this was on the Monday’s agenda and believes that Shong Smith, Street Department Director is able to install buzz strip stacks next week.

Brad Minnick, Primera Engineers (showed the buzz strips that were installed on Walker Street last fall) stated that with research it costs more to have permanent installation, so

these buzz strips would be a short-term alternative; further explaining that after talking to Shong Smith he has these available and can be installed next week while they pursue additional measures.

Further discussion ensued between President Keating and Brad Minnick regarding flashing stop signs on either end of the school.

President Keating asked if there were any Public comments, there was no response.

President Keating asked if there were any Board comments.

Mayor Parry addressed the Board stating that this will not be the last time you will see these solar stop signs appearing other places until the batteries or solar panels need to be replaced, due to being so expensive to replace they will eventually become standard stop signs.

Brad Minnick stated that the stop signs have a five (5) year service life on the batteries that battery packs last six (6) years, further explaining the care and routine maintenance for the solar panels.

Mayor Parry made a motion to approve the installation of the buzz strips; second by Vice President Vinson by the following votes **AYES:** Board of Public Works and Safety members Keating, Vinson, and Parry (3) **NAYS:** None (0) **Motion Carries**.
