PHASE I SNOW REMOVAL CANCELLED

Michigan City, IN 46360 -- Mayor Chuck Oberlie and Jim Elwell, Superintendent of Central Services have announced, effectively immediately, the PHASE I Snow Removal Condition has been cancelled. Fortunately, we did not take the brunt of the storm that had been predicted to impact our community.

Mayor Oberlie would like to thank the citizens of Michigan City for their cooperation during this Phase I Condition. Mayor Oberlie stated, "We need everyone's help to clear the city streets during snow conditions so our snow crews can complete the clean up task. In the future, we expect to issue a Phase I snow removal condition with announced weather forecasts that predict significant snowfall."

The Mayor asks all citizens to monitor local media outlets for related developments.
